INTRODUCTION
AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Winston-Salem City Directory since 1932), present to subscribers and the general public, this, the 1960 edition of the Winston-Salem City Directory, which also includes City View, Hanes, Montview, Park Terrace and Town & Country Estates. The inclusion of Town & Country Estates is new.

Confidence in the growth of Winston-Salem's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Winston-Salem to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Winston-Salem Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Winston-Salem, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Winston-Salem, City View, Hanes, Montview, Park Terrace and Town & Country Estates, and the name, official personnel, nature and address of each firm and corporation in the community. The inclusion of Town & Country Estates is new with this edition.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Winston-Salem and vicinity.

The Winston-Salem Out-of-Town City Directory Library

Through the courtesy of the publishers of the Winston-Salem City Directory, a Directory Library is maintained in the offices of the Winston-Salem Chamber of Commerce for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

WINSTON-SALEM

CITY OF CULTURE, HISTORY AND INDUSTRY

(Courtesy Winston-Salem Chamber of Commerce)

History

Rich and varied is the history of Winston-Salem, for the city of today is the product of two centuries of constructive, planned growth.

In 1752-53 a small group of Pennsylvania Moravians, a Protestant denomination of Bohemian origin, carefully selected and bought a large tract of land in Piedmont Carolina at the three forks of the Yadkin River. They named the tract "Wachovia" after the Austrian estates of Count Nicholas Louis von Zinzendorf, an early protector-patron of the sect. Two settlements were established, Bethabara in 1753 and Bethania in 1759. In 1766 a new settlement was carefully laid out in the center of the Wachovia tract and built according to definite plans. The tranquility-loving Moravians named their new town Salem, meaning "peace."

The small town grew rapidly under the care of the industrious fathers. A water system was established and dwellings, stores, and shops built. Tobacco was even then an important crop. The fathers consecrated a graveyard, "God's Acre," and founded a girls' school which has developed into the Salem Academy and College of today.

The Revolutionary War brought to the thriving town Nathanael Greene's soldiers, and in 1781 Cornwallis passed through Salem. The years after the war until the middle of the 19th Century were marked by such events as the establishment of the Nissen Wagon Co. in 1787; a visit from George Washington in 1791; the dedication of the Home Moravian Church in 1800; the first edition of Blum's Almanac in 1828; and the opening of the first bank in 1847. Cotton and wool manufacturing companies had been organized, and Salem by 1850 was a prosperous center of religion, learning and industry.

By an act of legislature in 1849, Forsyth County was created from Stokes County. The county seat was established one mile north of Salem Square. In 1851, again by act of legislature, the new county seat was named "Winston" in honor of Major Joseph Winston, Revolutionary War hero. Salem was incorporated in 1856; Winston in 1859.

Winston developed rapidly as an industrial center and market. The year 1872 saw the first tobacco auction and the opening of the first tobacco factory. In 1885 the Chamber of Commerce of Winston and Salem was organized by far-sighted leaders who realized that together the two towns must build for the future. By the time of consolidation, Winston was already known for its textiles, hosiery, blankets, knit goods, tobacco products, and tobacco market.

In 1913, by popular vote, Winston and Salem were consolidated as Winston-Salem, the "Twin City." The new city took as its motto "Urbs Condita Adiuvando," meaning "A City Founded Upon Co-operation." This motto puts into modern phraseology the old Moravian concept of "Unitas Fratrum," "A Unity of Brethren."

Winston-Salem today is the leading industrial city of North Carolina and one of the South's leading industrial cities. The annual value of Forsyth County's manufactured products is over $1,000,000,000.

The best of the old and the best of the new blend to make a progressive city still marked by a deep religious atmosphere, a love for music and arts, and a zeal for broad educational development. As did their fathers of yesterday, far-sighted citizens of today build always for the greater city of tomorrow.

Old Salem, Inc., 614 S. Main St., headquarters for the restoration of the quaint Moravian village, founded in 1766. Here may be seen a scale model of the village as it looked in the early days, and current exhibits.

Wachovia Museum, corners S. Main and Academy Streets, where may be seen the large collection of Salem antiquities, and objects belonging to early Winston. A part of the collection is housed in the old Boys' School, built in 1794 and restored in 1954. Boys' School is still under its original tile roof.

Salem Tavern, 800 S. Main, erected in 1784, was first brick building in Salem. George Washington visited the Tavern in 1791 during his Southern Tour. As a house museum, it now offers visitors a glimpse into one of the South's best known 18th Century inns.

Lick-Boner House, 512 S. Liberty St., 1787, was the first project of the eleven completed Old Salem, Inc., restorations thus far in a long-range program. John Henry Boner, the North Carolina poet was born in the house in 1845.

Home Moravian Church, S. Church St., erected in 1800, was the heart of the early Salem community, and is the center of the Moravian Church activities in the South. It is here that the opening scene of the Moravian early Easter morning service is held. This Easter Service, one of the most widely known religious services in America, has been held for over 150 years, and attracts from 30 to 40 thousand visitors annually.

"God's Acre," or Moravian Graveyard, S. Church St., contains more than 3,000 graves, all having similar, flat markers to symbolize the brotherhood and equality of man. There are no family plots. The graveyard has been used by Moravian congregations in the city since 1771, and is the closing scene of the Moravian Easter Service.

Brothers' House, 600-04 South Main St., 1769 and 1786, is the second oldest house still standing in Salem. It was here that the young boys of the community went to learn their trades. Building is now the Moravian Church Home.

Sister's House, Salem Square, 1786, housed the single sisters of early Salem. House is now used as a dormitory for Salem College.

John Vogler House, 700 S. Main Street. House built in 1819 by a silversmith and clockmaker is a refinement of the traditional architecture of 18th Century mid-European domestic architecture which was used in early Salem. House is now a third exhibit building of Old Salem, Inc., the restoration organization.

"Fourth House," 450 S. Main St., erected in 1767, is the oldest building still standing in Salem. Was home of an early saddlemaker. The house was restored in 1940 by the Forsyth County Committee of Colonial Dames, and is now rented.

Belo House, 455 S. Main Street. Handsome antebellum mansion with Corinthian columns and elaborate iron grille, was erected by Edward Belo in 1849. Belo conducted a store on the main floor of the building, and his dwelling was on the second story. Building was at one time used as an Inn. Now belongs to Moravian Church and is an apartment house for ladies.

Salem College and Academy, Salem Square, is one of the first Girls' Schools in the South, and is oldest in continuous operation. Established by the Moravians as a day school in 1772, it became a boarding school in 1802. The college buildings, on a 50-acre campus, are designed in the characteristic mid-European domestic architecture, prevalent in Salem.

Salem Square Market-Firehouse, 1803. Market-firehouse has been reconstructed on original foundations. Square has been restored to early appearance with white clapboard fence.

Hagen House, 1816. 230 S. Liberty Street. Was home of Francis Fries Hagen.

Christoph Vogler House, 1797. 708 S. Main Street. Home of village gunsmith, and was first brick house in village.

Anna Catharina House, behind John Vogler House, 1772. Home of Anna Catharina Ernst, heroine of historical novel "Road to Salem."

Community Store, 1775. 626 S. Main Street. Was trading center of the village and home of storekeeper. Now restored and open to the public with items for sale.

In the Downtown District

City Hall, N. Main St., is built on the original dividing line between Winston and Salem.

Forsyth County Courthouse is on the Courthouse Square in the center of the downtown district.

Reynolds Office Building, N. Main at 4th St., is North Carolina's tallest office building.

The R. J. Reynolds Tobacco Co., in the vicinity of Church and 5th streets, is open to visitors for guided tours. Here one may see Camel and Winston cigarettes and Prince Albert smoking tobacco being produced; the three products are made only in Winston-Salem. Information about the guided tours may be obtained at the Reynolds Office Building. Also manufacturers of Salem and Cavalier cigarettes and many other tobacco products.

The tobacco warehouses, in the vicinity north of the Post Office between Oak and Patterson streets, are open from late September through December. Here the chant of the auctioneer, the pungent smell of ripe tobacco, and the steady hum of warehouse activity combine to provide one of America's most colorful marketing scenes.

P. H. Hanes Knitting Co., N. Main St., is the world's largest manufacturer of men and boys' knit underwear.

The Salem Boys' School building, erected in 1794, and a modern annex today house the Wachovia Museum collection of local antiques. Adding interest to the exhibits of early household utensils, guns, farm equipment, toys, church relics, craftsmen's tools and products, and Indian artifacts is the school building itself, an outstanding example of Moravian ornamental brickwork. It still bears its original tile roof.

Out of Sight • Out of Mind • Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Please! **Do Not Lend Your CITY DIRECTORY**

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

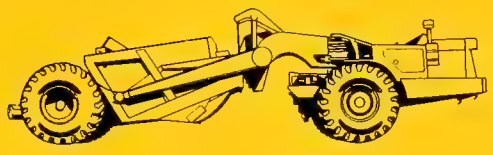
If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.



Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Another dividend increase for Northwestern Mutual policyowners!

Eight increases in eight years — a new national record in life insurance . . .

The eighth consecutive dividend increase announced by Northwestern Mutual Life Insurance Co. is a substantial one. The 1960 dividend of $90 million is actually 9% greater than the previous record amount paid out last year. Over one-half of each year's business comes from old policyholders, indicating low net cost and insured satisfaction . . .

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

A STATEMENT OF ADVERTISING PRINCIPLES

1. **Good Advertising** ~~ aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** ~~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** ~~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** ~~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
